

## 'MaximumOne' Single Post Parking Lift

**ALUMINUM DRIVE ON RAMPS: Included**

### SPACE-SAVING SINGLE POST DESIGN:

Requires less garage space than two-post and four-post parking/storage lifts. Offers unrestricted access. No worries about multiple posts to scratch your car or ding your wing mirrors during entry/exit

### SUPERIOR LIFTING HEIGHT

With up to 82" of clearance on its top lock, the MaximumOne accommodates virtually any car, truck, van and SUV on the market!

### STURDY LIFTING CAPACITY:

Easily lifts most cars, trucks, vans and SUV's.

### POWER UNIT:

220v. 110v optional for 4.5 only (Derated to 4K capacity)

### POSITIVE LOCKING MECHANISM:

Precision-engineered mechanism automatically engages locks for maximum safety when lift is raised.

### ADJUSTABLE TRACK WIDTH:

You can increase or decrease the width between tracks to fit virtually any size vehicle you want!

### NON-SAG STEEL TRACKS WITH SAFETY WHEEL GUIDES:

Gives you easy access for oil changes and underbody work.

### INSTALLATION:

Mounts on standard concrete foundation using anchor bolts. Install yourself or use our nationwide professional installation service.

# MaximumOne Single Post Lift M1-4.5 and M1-6.5

M1-4.5 4500 lb. CAPACITY

M1-6.5 6500 lb. CAPACITY
